\* **These prices are only valid if** (1) a current and valid DLA, DPAS rated "Indefinite Quantity / Indefinite Delivery" Contract is awarded to the patent holder, AIT, (2) all items offered above by AIT are listed within that contract, (3) DLA stocks some case quantities of the flashlights (Minimum Order = 1 Case = 20 Flashlights), belt clips (Minimum Order = 10 Pieces = 1 Unit Pack) and wall holders (Minimum Order = 10 Pieces = 1 Unit Pack), and (4) all of AIT's regularly established Terms and Conditions are accepted by DLA and documented within the IQ/ID contract between DLA and AIT. AIT anticipates the requirement to ship small quantities freight prepaid to rush locations and agrees to ship less than case quantities when absolutely necessary - - - but - - - it must be as releases against a contract so that the enormous administrative cost of responding to DLA RFQ's, DPAS negotiations, awards, and billing requirements are avoided every time one flashlight is required by a DLA customer.
